A brainy engineering graduate trained to soundness theoretically/practically through lectures, workshop sessions, on-field training, internships, research and timely assessment in fulfillment of core requirements for a degree in engineering.

Adept in planning, design, testing, executing, evaluation and routine upkeep of equipments, machineries and systems in production area. Worked with the engineering department of three firms, tipped to possess an identifiable analytical strength and pronounced ability to work in a team environment displaying willingness to master concepts; collaborating with cross-company departments through operating manufacturing machines and vast usage of tools .

An intentional drift Into writing through resume building, cover letters geared up entrepreneurial skills, client base strength hitting +40 in (fifty) days.

Experience

- 06/2014 - 01/2015

Internship

China Civil Engineering Construction Company®, Engineering Laboratory.
CCECC performs international contracting and economic cooperation, Its business scope expands from international contracting for railway construction to civil engineering design & consultancy, real estate development, trading, industrial investment and hotel management as well. Nominated amongst world's top 255 international contractors for many years and ranked consecutively among the first 70 in recent years by the Engineering News Record.

 - Testing soil samples (determination of moisture content, compaction test, liquid limit, california bearing ratio) and timely computation of result using system applications.
 - Analyzing concrete strength using concrete compression machine.
 - Determination of cement grades.
 - Examination of asphalt core; compaction test, bitumen extraction test.
- 07/2013 - 11/2013

Internship

Ogun-Osun River Basin Development Authority®, Operation and Maintenance.
We develop and manage surface and underground water resources within our area of coverage, and provide access to safe and adequate water for domestic, industrial, flood control and agricultural purposes to enhance quality of life and promote the socio-economic development of the country.

 - Change of basic component parts of an engine block when found faulty: engine oil, transmission oil, air filters ,top gasket, injector nozzles, spark plugs & valves.Change of basic component parts of an engine block when found faulty: engine oil, transmission oil, air filters ,top gasket, injector nozzles, spark plugs & valves.
 - Computation of maintenance records of machines & step by step procedures of engine overhauling, Involving light and heavy duty machines.
 - Specify due date for regular service on automobiles by miles calculation, low viscosity of oil & thickness of exhaust emissions
 - Detailed procedures and effect of each in water treatment; Overview↔Screening↔Coagulation↔Sedimentation↔Filtration↔Disinfection, through an automated water treatment plant designed with dossers mechanically powered and carbon filter tanks.
 - Equipped through on-field experience, the dangers of air in distribution pipes during water distribution designed for long distances.

Education

- 10/2010 - 10/2015

Federal University Of Agriculture, Abeokuta®. Major Degree

 - B.Eng -Agricultural and Bio-Resources Engineering.
 - *Second Class Upper Honors.*
- 10/2006 - 07/2008

Lagos State Model College Kankon®

Senior School Leaving Certificate.

Additional Activities

- 09/2016 - 01/2017

President
 - Organized agricultural based orientation ranging from crop production, processing, storage, land management, livestock production/sales, soil analysis and maximization of profit through sales and value addition processes.
 - Design analysis of machines
- 10/2015 - 12/2015

Trainee
Electrical Wiring (Housing development Agency). Lekki
 - Electrical Piping for Conduit Wiring; Pipe bending, laying within the walls.
 - Interpretation Of EE design plans on site for Piping and accurate wiring.
 - Running wires through laid electrical pipes.
- 09/2017 - present

Writer
Uptowork Resume Builder

Solely started out freelance resume and cover letter services. Built winning resume for over +40 persons within 50 days from start, bagging loads of commendations from clients.

Challenges faced;

 - Getting new clients daily was quite difficult at start
 - Most jobs gotten were through referrals from previous clients, also learnt the dangers associated with familiarity in business.
 - Progress was seemingly slow with a 69% drop in expectation at start but later picked up.
 - Earned experiences on all Jobs, especially technical jobs requiring research on certain disciplines.
 - Built a foreign resume for quality assessment with an online resume company ;Talents inc
