I am a self-driven bilingual (Spanish, English) programmer and technician with the ability to configure computers to function at their best. I am someone who will fulfill any reasonable task with excellent result. Looking for a company that needs help in Microsoft office applications, video editing and/or programming in python, visual basic, and others. I have experience in analyzing and scraping data, downloading images and extracting article details and YouTube links from websites.

EXPERIENCE:

AUG 2015 – DEC 2015

ASSISTANT TO PROFESSOR, UNIVERSITY OF PUERTO RICO, PONCE P.R.

Assist the professor in simplifying her tasks alongside doing various other stuff like deliver reports, grade certain documents and organize her database of student's name and grades.

AUG 2017 – DEC 2019

COMMUNITY SERVICE, INSTITUTE OF TECHNOLOGY, PONCE P.R.

Assist the university's technician in whatever task alongside assist and advice students in whatever technological issue they might have (formatting pen-drives, installing a new operating system in their computers, etc.). Giving seminars related to programming, computer diagnosis and repair.

EDUCATION:

AUG 2015 – MAY 2017

ASSOCIATE DEGREE IN COMPUTER INFORMATION, INSTITUTE OF TECHNOLOGY, PONCE P.R.

Summa Cum Laude, 4.0 GPA. Earned the valedictorian award for having all straight A's since enrolling.

AUG 2017 – DEC 2019

BACHELOR'S DEGREE IN COMPUTER SCIENCE, INTERAMERICANA, PONCE P.R.

Summa Cum Laude, 4.0 GPA. Achieved the highest Tier in the honor program.

SKILLS:

- Web Scraping (with Python)
- Computer Repair (Laptop and Desktop)
- Microsoft Office applications (Word, Excel, PowerPoint, Publisher, etc.)
- Brochure/Flyer Design
- Video Editing
- Bilingual (English & Spanish)
- Leadership
- Adaptability
- Command Line

PROGRAMMING LANGUAGES:

- Python 3.x
- Visual Basic
- HTML
- CSS
- PHP
- SQL

ACTIVITIES:

- I was vice-president of the association of ABACUS when I studied in InterAmericana university.
- I have worked with many colleagues for whatever task was given to us by the professors, I have always kept my cool even in very stressful situation.
- My calming and compassionate demeanor has earned the respect of many, from students and professors alike.
- I am passionate on video games; I've played them ever since I could remember and always seek enjoyment by playing it. Because of video games, my interest of technology manifested at a early age and has steered me to my career path. It has also led me to join communities and help other people across the globe.
- I've worked in community services in the Institute of Technology after graduation, to assist recovering after the horrible Hurricane Maria.
