HELPLESS MAN SUFFERING FROM COVID-19
কর্তাবাহ্য তাজার বিপদগ্রস্থ ভাগ্যায় মানুষ

When people have reached the climax of civilization, the cult of civilization has begun to burst into relief, just as nature began to shake. Are we really covered in civilization? Or I am proud to be thankful for nurturing profanity. Corona (COVID-19) appeared to be doing just that. Let's test this time, in the light of truth. When we are not looking for a neighbor by making humanity banners, we are not worshipping any religion, we are worshipping our invisible religion while we are worshipping someone who is invisible. Enjoy the consequences Well done. Because the father also has a father, so the father does not sin. The word that works. How to equalize the lower, that is, someone started playing, started his efficiency. Only a few days later, the arrogant tired of the sky looked at the owner of the sky. Ha ha ha, how much energy, how much force, no one can stop them. If you want to be destroyed. And great pleasure, who created this world? Who keeps track of it. The world is big, eat and drink. We greedy people who are crying in tears, we are all gentle cats today. On a platform I look like a helpless person on the unseen. Camels should be played with water, why should the Qur'an rule so much? That has to change. So the water was flooded in Australia and Corona did not say how to fix the printing machine, and some Corona, this time I will, how much peace is now in the Twenty-four, there is no movement, no fights, no factions, no religion-caste discrimination, everyone wants the same thing, -free liberation. I did not expect to see so many gentlemen in my lifetime.

I wrote them down because of that corona (COVID-19). Let's know that naughty doer (COVID-19):

Birth and history of Corona : They were born long before on earth. There are many species of the powerful virus called corona, but not all coronas can be transmitted to animals or to human bodies. One of the seven corona's that can transmit the disease to the human body is the leader (COVID-19), the disease-causing SARS (Severe Acute Respiratory Syndrome) -CoV-2 virus. It's a whole new species. It is an Enveloped, Positive Sense, Single Sense, Single Strand RNA Virus.

The explanation of COVID-19 is: **Corona Virus Disease-19**.

COVID-19(SARC-CoV-2) history of the origin : On December 2019, the World Health Organization received the indication via WHO, as an advance message. It was pointed out that a powerful virus is being born in Wuhan city of Hubei province, China, and its prevalence is alarming. China received the truth from the first week of January 2020. It is currently declared as an epidemic.

Symptoms of the virus infected by the defendant:

- A) The virus takes 2-14 days to infect after entering the human body.
- B) As a first sign, a person's body will be feeling 100 degrees Fahrenheit.
- C) There will be sore throat and dry cough, which will gradually increase.
- D) Breathing will begin within a few days, and may even cause nausea.

How the virus spreads to the human body:

- A) Spreads by means of respiratory system (cough / cough / cold / spit / cough).
- B) When approached by an infected person, the body of another person spreads very easily and easily.

Basically, the virus spreads to the infected person's lungs, up to 3 feet away, with cough and sneezing. Also, something touched by an infected person, such as dishes, door handles, tables, chairs or an empty hand can be infected with the nose and eyes.

COVID-19(SARC-CoV-2) Way to stay better : When the people of the world were overwhelmed with pride in discovering the treatment of such a debilitating disease, Corona explained that there was no way you could save people from death. Your Millennial Discovery is not listed with my God. I do not mean to turn away from arrogance to him, who has made you / your immortal from the position of his own, giving you the platform of pride, with his grace, with great compassion and supreme mercy. Therefore, stand firm and accept the obedience of the Creator, only then is your salvation. Therefore, we as human beings should realize the originality, come back to the original and repent and apologize. What is there to do in this situation?

Nevertheless, to follow the advice of the weak hope, the following methods should be followed:

Firstly, **Pray** :

Prayer in Mosque

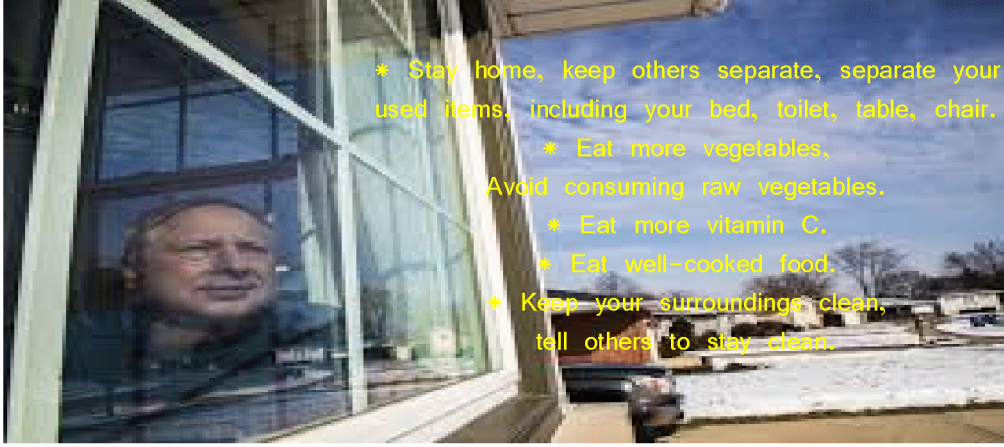

Prayer in Mondir

Prayer in Churches

Secondly, **Stay in quarantine** :

Thirdly, **Use surgical masks and wash hands according to the rules** :

সাধারণ না, সার্জিক্যাল মাস্ক ব্যবহার করুন

System of Hand Wash

কমপক্ষে ২০ সেকেন্ড পর্যন্ত হাত ধোঁতে থাকুন

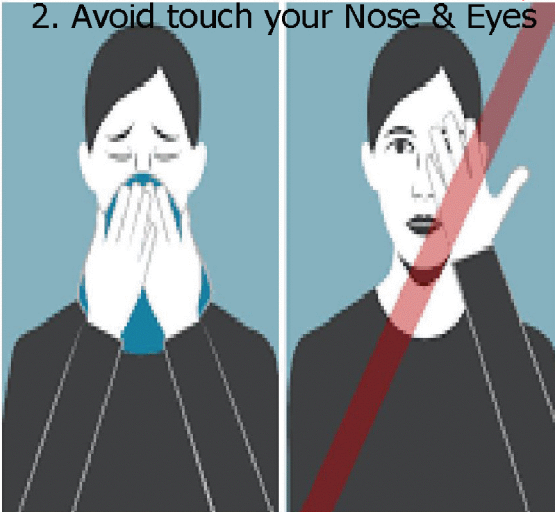

Finally, **Follow the instructions and avoid as much as possible** :

১. মাস্ক/টিস্যু/হান্ডক্লেফ ব্যবহার করুন

1. Use mask/ tissue or handkerchiefs

২. নাক ও চোখে হাত দেওয়া থেকে বিরত থাকুন

2. Avoid touch your Nose & Eyes

Avoid mass transit.

গণপরিবহন এড়িয়ে চলুন

What Corona taught us? : We were born as the greatest nation, but our ideas, practices, practices, are the worst. We are all brave in our own place, and this immoral bravery has pushed us towards the alienated nation, where uncivilized animals laugh and spit. But one corona made everyone stand on a platform in just a few days' time. Everyone is listening now. No matter how polite, there is no chaos, no demarcation programs. Muslim persecution is stopped, alcohol is closed in Gaza, there is no beauty of any beautiful woman. In silence silence, humanity is now broken. That language of the poet lives – “We are all for everyone, Everyone all for eachother“. Religion, caste, all castes are mixed together now.

All Are Peoples in One Raw

সকল ধর্মের মানুষ এককাতারে

So, let us return to our Creator, repent and repent. Just think, all the health offices in the world are saying all day to avoid Corona, exactly the same thing was said thousands of years ago in the great Quran and other great texts, so be sure, be clear, remove all unnecessary sweeps and all. If you follow the rules, you will not have any disease, no epidemic, you will be fine and beautiful. That is why the holy Quran says, cleanliness is part of the faith. Therefore, obey and establish Him is His only rule and prohibition. If we are not a warning right now, there is a virus waiting in front of us that may not offer any chance. Be careful all of us, then maybe we can stay normal for the rest of the day, and make this unforgiving world habitable for the next generation, which will be their place of safety.
