RESUME

Career Goal-

My career should realize the potential of becoming an expert in a specific technical industry with the reputation of Survey to achieve their long term strategies & To become the part of a global company, where I will be able to utilize my strong academic, organizational and innovative skills. To grow in knowledge at every moment of life and work in a challenging environment.

Academic Background-

- B.E. in civil engineering in the year 2010 from S.V.C.E.T under Anna University (Chennai) with 1st division (78%). Special emphasize were given in Revit Architecture, Structure & STADD.Pro etc.
- Diploma in civil Engineering in the year (2004-2007) from U.C.P. engineering school (Orissa) with 1st division (70%)
- Passed HSC in the year 2004 from Orissa Board with 1st division (76%)

Professional Excellence Summary-

- Self-motivated, devoted and decisive management personnel.
- Have excellent analytical as well as mechanical features.
- Have ability in taking up new theories as well as responsibilities.
- Have in depth knowledge in the respective subject.

Experienced Computer Programming Skills-

Personal Data :

• DOB : 30th Apr. 1989

• Sex : Female

• Nationality : Indian

• Marital Status: married

• Hobbies : Reading novels
& Enhancing skill etc.

- Experienced Office Package: Microsoft Word, Microsoft Excel, Microsoft Access, Microsoft PowerPoint, and Microsoft Outlook Express.
- Experienced Operating Systems: Windows2003, Windows2000, Windows XP, Windows Vista, MS DOS, Windows 2007.
- Experienced Programming Software: (Building Design Suite)
 - Revit Architecture and Structure -2016
 - 3ds Max, Navis work, Civil 3D, Auto Cad
 - STADD.Pro

Professional Background-

Job profile:(BIM Engineer)

BIM is short for Building Information Modeling. It refers to compilation & storage of information related to construction designs as well as Structural Designing, Plan preparation, Interior designing, Geotechnical Investigations, Estimating and quantity surveying, Site investigation. Manual design preparation, Detail Engineering Dwgs etc.

Job responsibilities: proficient with procedure, functioning and principles of the BIM projects. Strong coordination skills that help in Liaising with all BIM project members. Skilled at forming teams and leading their activities proficiently.

Core Competencies:

- BIM and 3D Solid Modeling.
