WORK EXPERIENCE

Tutor

Privet - Hyderabad

September 2018 to May 2020

- have taught a group of kids from different grades at one time
- passionate about teaching
- love kids
- Effective communication.

I have been teaching students for 3 years, As a tutor for more than 2 years, I've found that my passion for (and commitment to teaching) have only grown with every year. Even with the complexities of the current educational landscape, the feeling of getting through to that student who just was not "getting the hang of it," or helping advanced students achieve their goals, never gets old. I have dedicated my career to helping students.

In my current position, I teach Urdu, English, and Sindhi to students in grades Kindergarten through 10 Over my two years of teaching, I've made it a point to stay up to date on the most current pedagogy and teaching methods, and use custom lesson planning to develop relevant curricula for students in order to maximize their engagement on complex concepts.
