Project Management

We as a team are comprised of skilled professional translators, editors and project managers, so we can be assured on-time delivery with accuracy and competitive pricing. We adopt multi Steps Project Management to ensure the Good quality translation service. We understand that every project had different needs and require special attention as per the requirement. The translations are executed by native country speakers who are based in the respective country and are specialist in that field. Their performances for each project are monitored to adhere to our quality standards. We assign a dedicated Project Manager for each client, who is also a dedicated single point of contact during the translation project.

Knowledge and skills, Language Requirements:

Knowledge and understanding of the language and vocabulary of domain-specific with the vast Knowledge in their subject matter.

Native Language speaker, professionally bilingual in English, including the ability to Read, write clearly and concisely
In case of Client require another translator proofread service then We assign 2nd proofreading to our well-experienced proof-readers holding university masters / Ph.D. degrees.

Skills and Experience for Translators:

Education: A bachelor's degree (master's preferred) in translation, or relevant field, from a university or institution of equivalent status.

Experience: Minimum of five years of experience in translation. Working experience with renowned companies and other international organizations is desirable.

Value Driven Service

Linguainfo is a value-driven company which keeps us ahead of any other company in the translation industry in India. We ensure the good quality, integrity, Prompt timeline, and best customer service as per Client need. Linguainfo understands client needs and partners them to fulfill the same with best customer service and good quality. We maintain confidentiality which makes us preferred vendor of many big end users for confidential, legal & financial documents translations.

Our Strong points

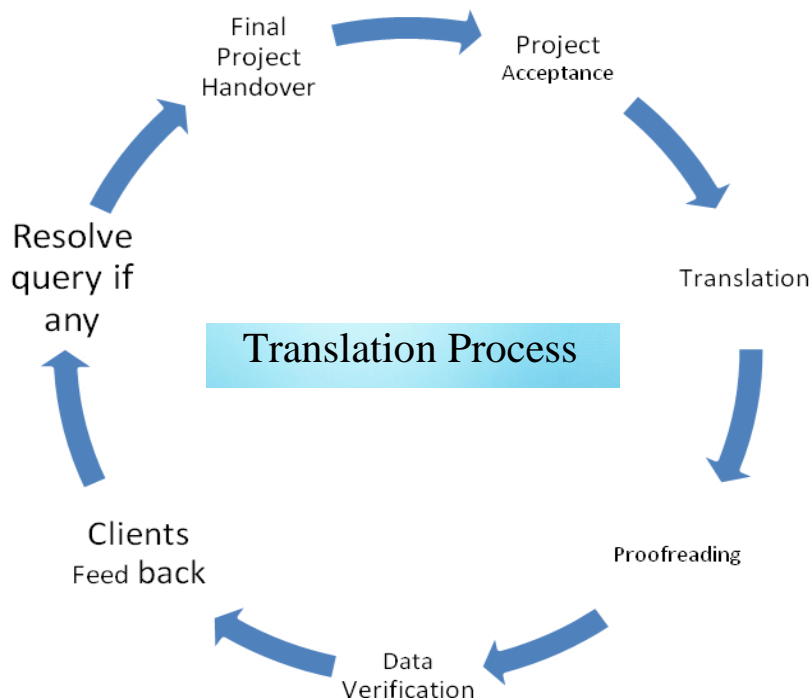

- No weekend Rates
- No Rush Rates
- Discounts on high volume projects
- Strict adherence to deadlines!

Quality Assurance

"In all our Translation projects there are always two linguists involved, one translator and one proof-reader who checks the quality of the translator's work. At the end, before delivery to you as the customer, a quality check is performed to ensure that you receive a perfect translation. If errors are found, they will be corrected, with the delivery of your translation; you will receive a quality service with no inconsistencies, missed terminology, double spaces and much more. In this way, we can assure our quality."
