

# **LIFE**

**By: Rochelle J. Corse**

**Life is full of problems and struggles,  
because that's what life goes.  
These trials re part of our lives  
all we have to do is to have faith in God.**

**We're the one whose taking the steps,  
and that is one our tests.  
To fight and to surrender is our choice,  
we can't do anything but to choose.**

**Life is the most precious gift from God,  
we should be thankful for what we have.  
To have Faith and Trust in Him is enough,  
everything's going to be alright.**

**We are not born to be perfect  
but to make ourselves complete.  
Everyone has their own mission  
and we end up learning a lesson.**
