**DEGE  
SECURITY DOCTORS  
ARE HERE TO HELP**

# INFORMATION SECURITY

DeGe

*“Security breaches have been likely to increase much higher because of technological evolution.*

*As Security professionals we not only wish to secure our environments but also secure yours.*

*All you need to do is believe in us”*

# Who are we?

DeGe

- We are team of Information Security professionals, who decided to thrive as freelancers. So that our work and skills are not limited to one space but can be useful for many.
- We call ourselves more as “**Security Doctors**” as we not only identify the vulnerabilities but also provide solutions as detailed reports.

## Why choose us?

DeGe

- Our team of professional already have more than 3+ years experience in the field of Information Security assessments
- Our team possess certifications which are proof of their skills
- We currently provide services at minimal cost, so small-scale companies can also have the benefits of secure environment
