UI DESIGN

In March 2020, I had a project with PG Edunesia, to make an marketing campaign for edu-camp program.

I make all the visual ads and landing page design to be as effective as possible, the challenge was to make it visually pleasing but still-measurable.

Working with aditpamunkas was great, responsive, helpful, and tried to support all our needs.

MEDIA & PRINTING

Im also capable of producing any kind of printable design, like poster, banner, t shirt, illustration, etc.

It was very easy to work with aditpamunkas, his designs matched my descriptions perfectly and all minor adjustments were made in a timely fashion.

Looking forward to working with him again in the near future.
