Proposed Housing Scheme At Ranebennur

SITE PHOTOS

Proposed Housing Scheme At Ranebennur

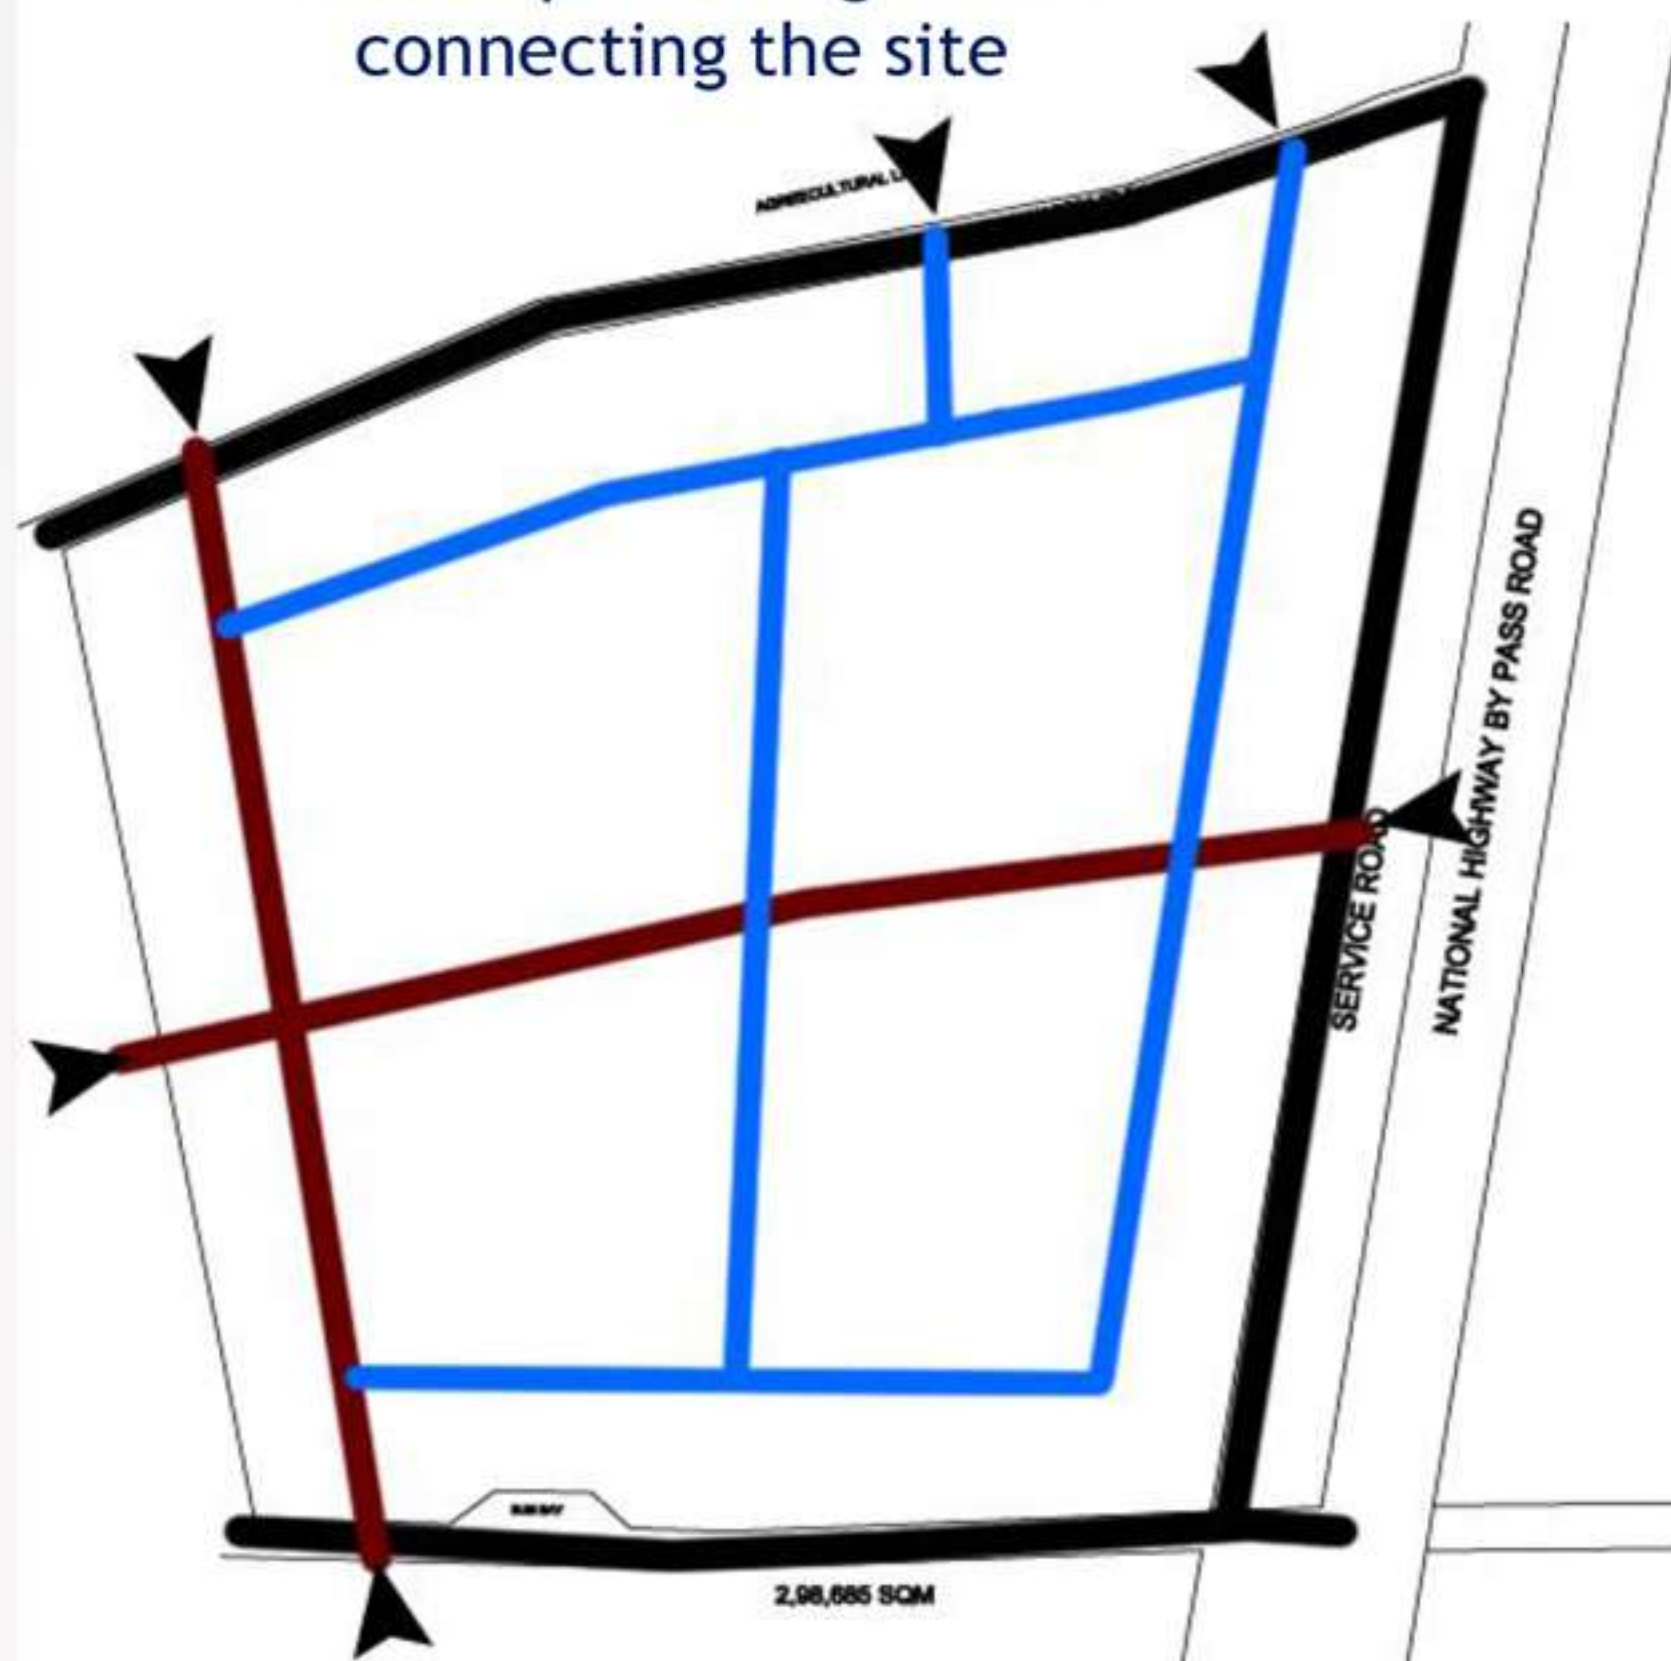

Site map showing roads connecting the site

-  National highway 4
-  Service road
-  Existing tar road
-  Old mud road connecting magod

Site features:

- Site is north facing
- It slopes towards north
- Located from ----- kms from Ranebennur
- Is surrounded by agricultural land
- Is attached to NH4 and the sub road joining Magod and Ranebennur
- Has a gravel soil and part of the site consists of black cotton soil.

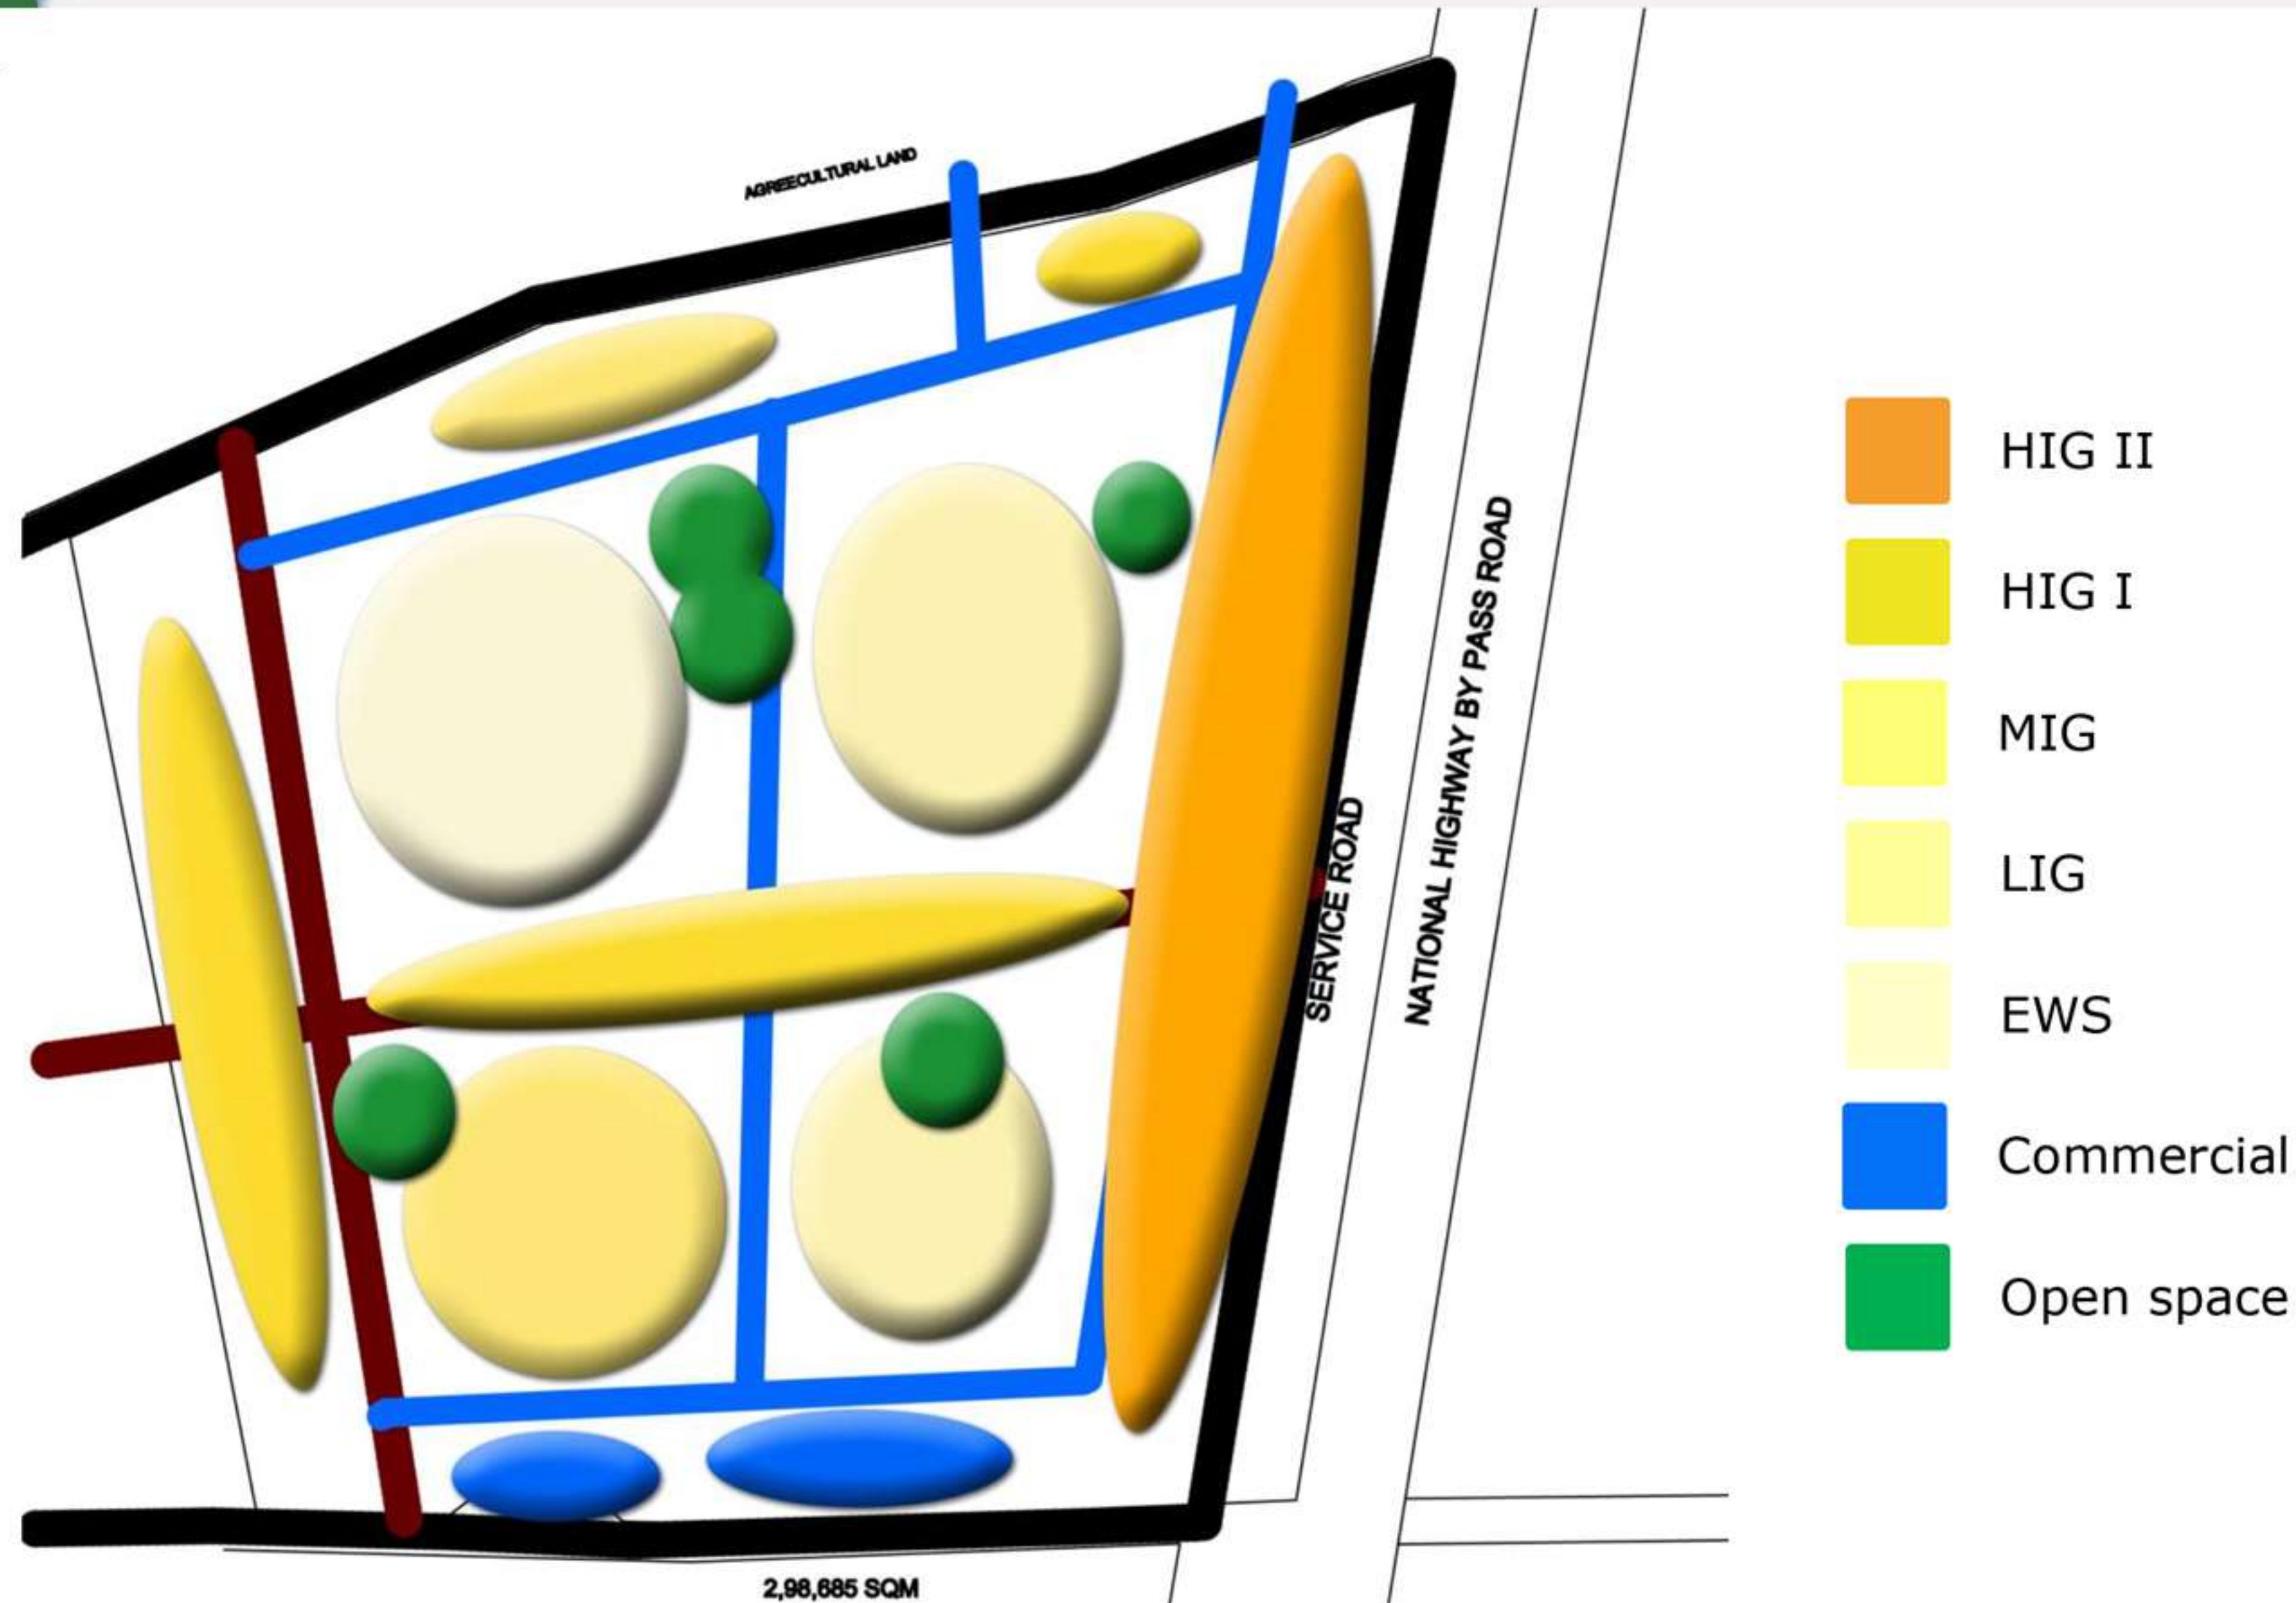

Site map showing the circulation pattern

-  Roads connecting the site
-  Main spine of 18 mts width
-  Secondary spine or collector's street of 15 mts width
-  Entrance

Existing road to the east is 12mts. Since that road is the major road connecting to the Ranebennur town, it is proposed to be widened to 21mts

Proposed Housing Scheme At Ranebennur

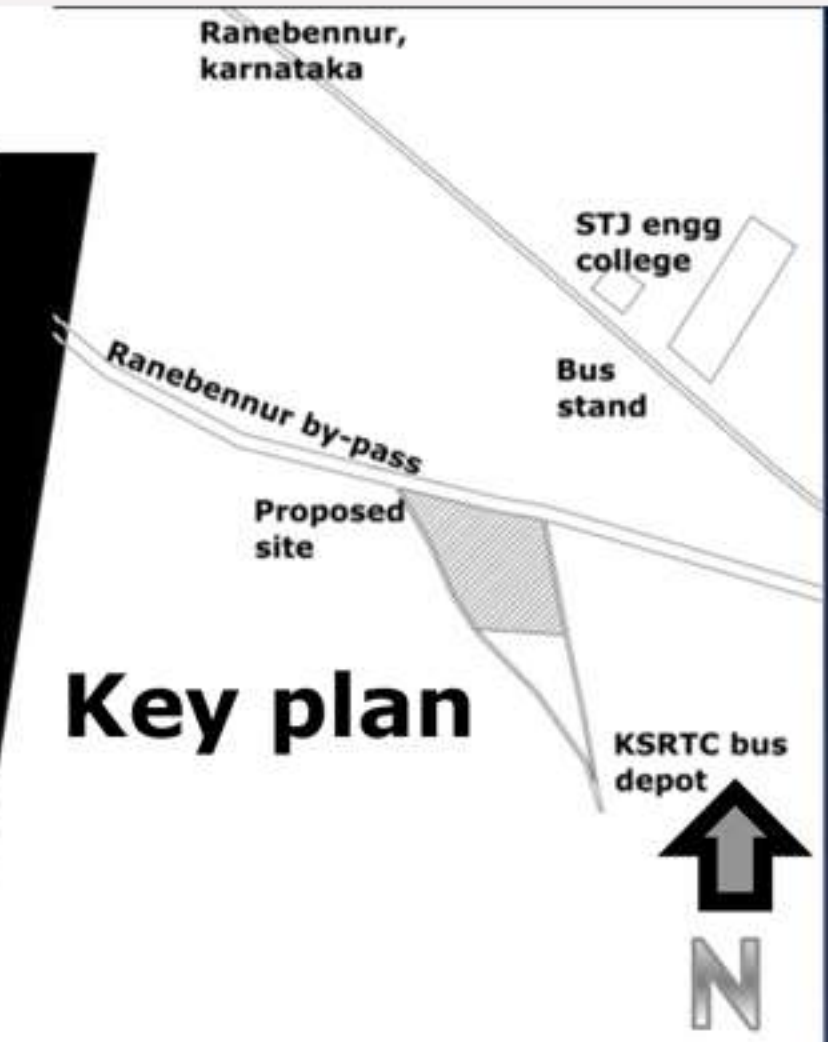

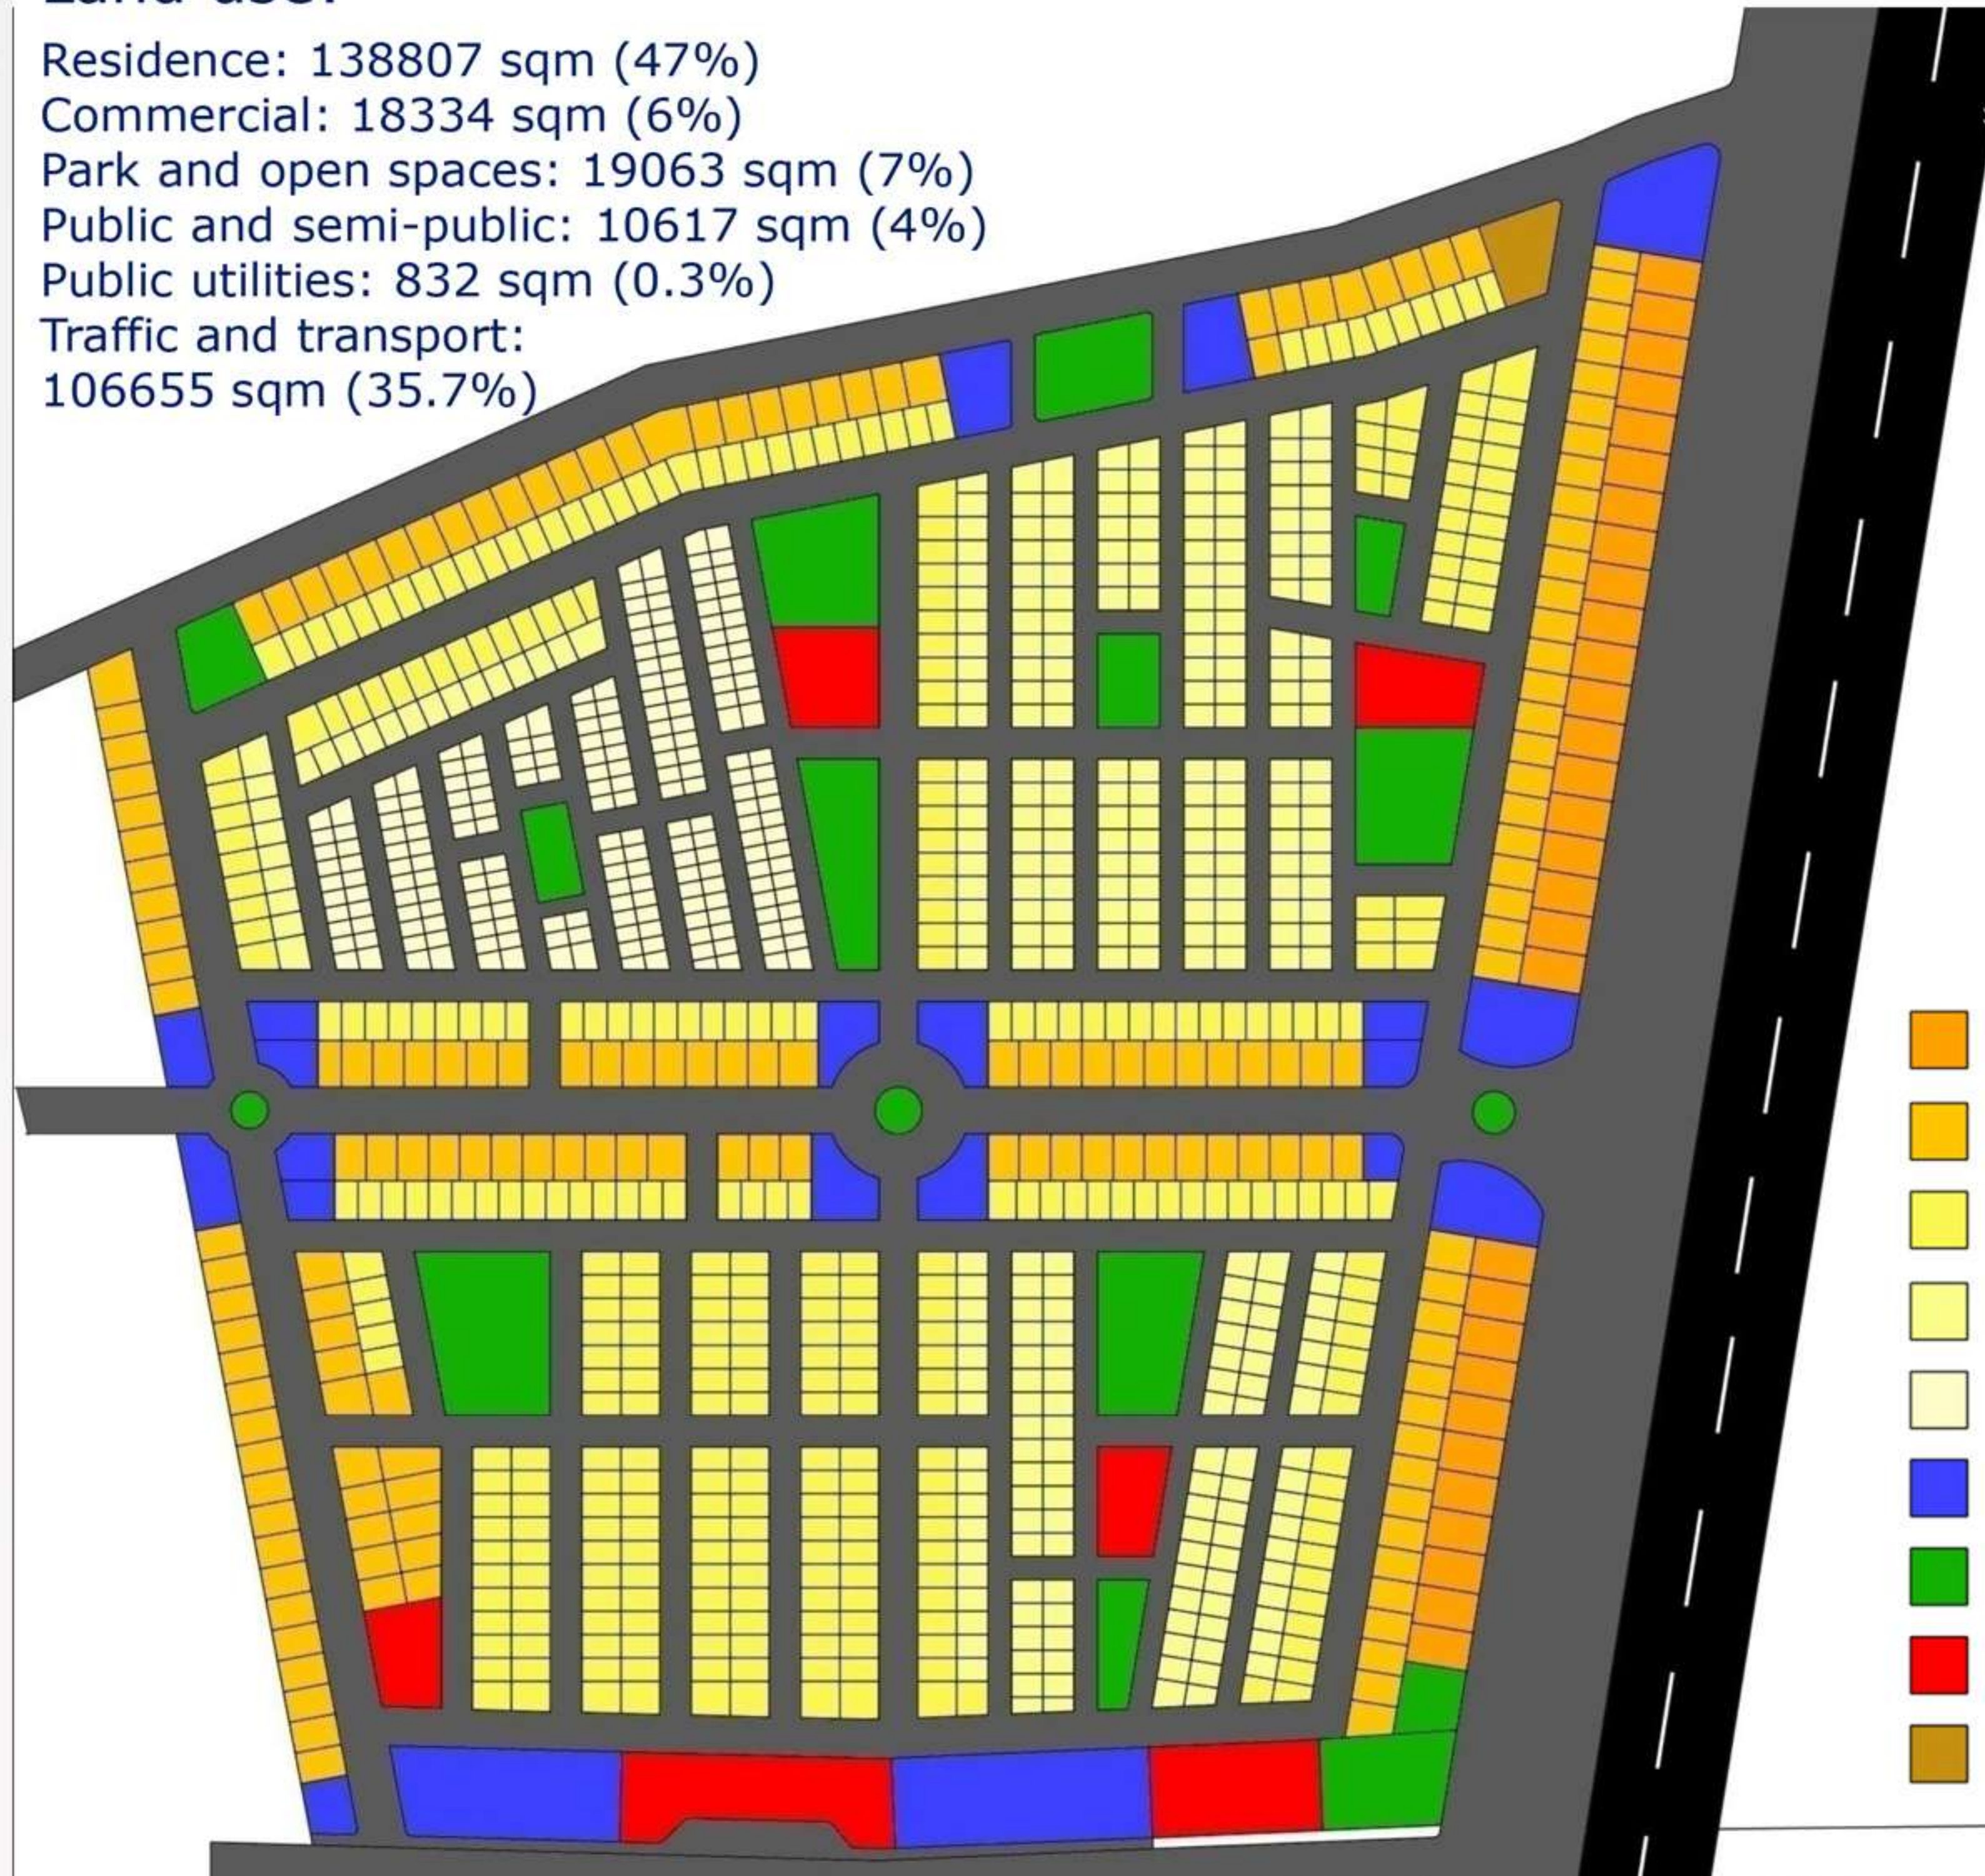

Program allocations is planned separately with **clear different zones and connections.**

Efficient space planning is dictated by **functional zoning** according to use. Functional zoning is designed to ensure **special independency** along with efficiently managed open spaces also designated for various use of public.
