PINOYS FAVORITE KAKANIN

By: Jeane Mangana

Pinoys favorite kakanin is still the best when it comes to desserts. Everywhere we can see donuts, cakes, brownies and cupcakes that are delectable but nothing beats Pinoys favorite kakanin.

From national celebration as well as local celebrations such as fiestas, birthdays, Christmas and New Year, Filipinos just love a celebration and we just love to celebrate everything from having a new job, pregnancy announcement, new car, baptismal, etc.

As much as we love celebrating, what to put on the table is part of the planning and we put quite an effort into what we serve our guests to satisfy their tummy so that they can enjoy the occasion.

A local food staple of Pinoy on every occasion is the Kakanins because it brings about close family ties due to its sticky texture and surely the party is not complete without a serving of our favorite Kakanins.

Here are some of Famous Kakanin that Pinoys love:

1. Bibingka

Bibingka has a soft spongy texture similar to puto, another Philippine rice cake. It is eaten hot or warm and is slightly sweet with a sticky texture. The surface is also usually charred, adding to the flavor.

Bibingka is a traditional Philippine Christmas food. It is usually eaten along with puto bumbóng right after the Simbang Gabi. The bibingka is usually baked in a clay oven for worshippers to eat for breakfast.

WHAT IS TURMERIC AND ITS HEALTH BENEFITS?

By: Jeane Mangana

Overview Information

Turmeric and its health benefits

If you are a health enthusiast, you may want to consider drinking Turmeric tea every day. This spice comes from the turmeric plants and is commonly used in Asian food. It is the main spice in curry which gives it a warm, bitter taste and is used mainly for flavor and color.

This amazing plant is also widely used to make medicine due to its anti-inflammatory effects. Some people use this plant to treat hay fever, depression, high cholesterol, liver diseases, and itching. Though there is no proven scientific evidence, people also use this plant for heartburn, improve memory, treat bowel disease, regulate blood sugar and many more.

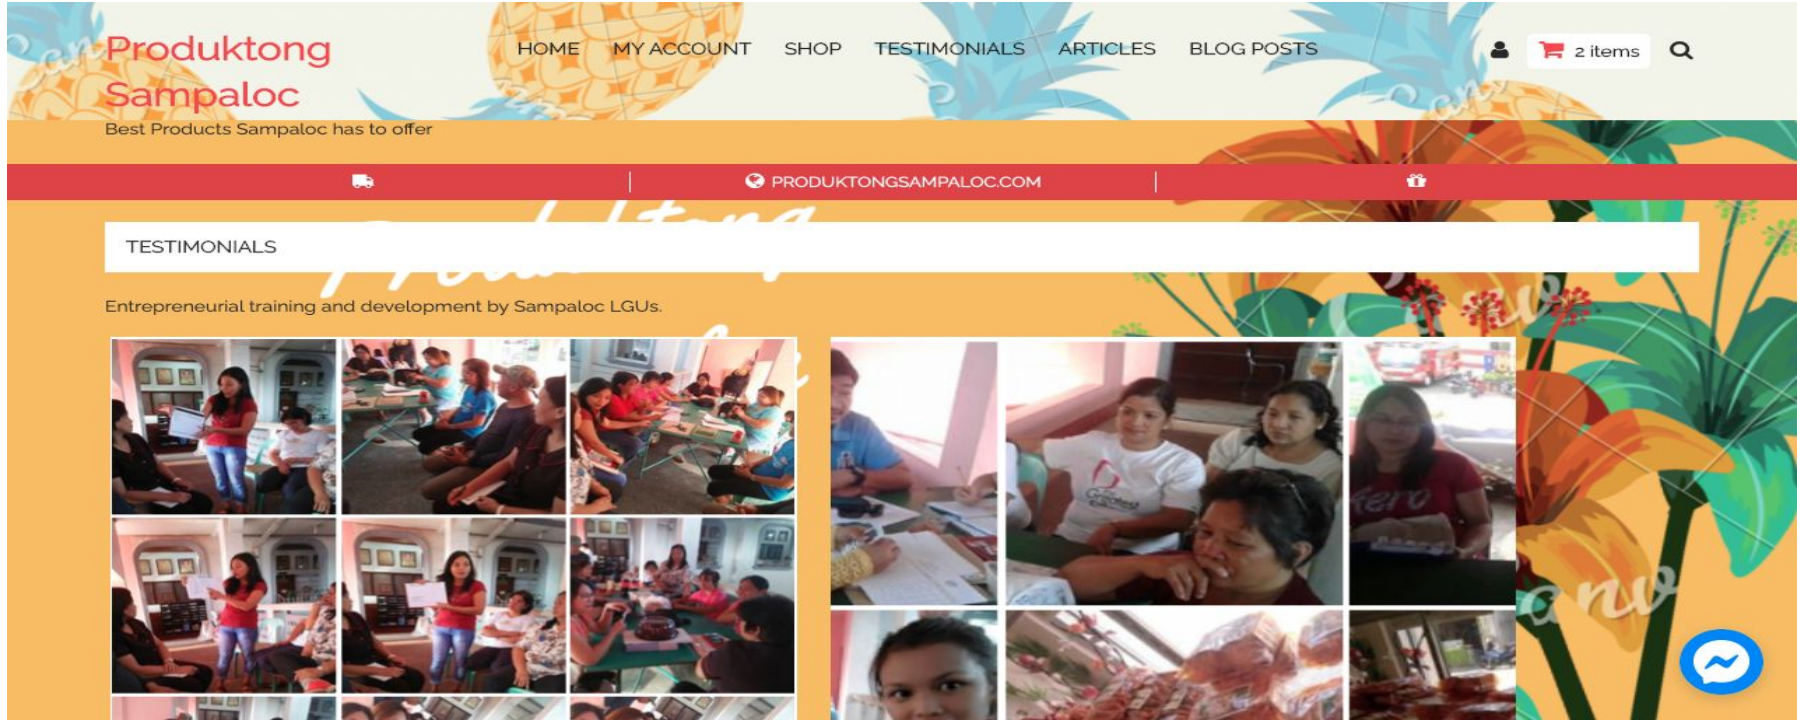

Possible Health Effectiveness

High Cholesterol

According to some research, taking Turmeric extract orally 2 times a day for 3 months reduces total cholesterol, triglycerides, and low-density lipoprotein (LDL) cholesterol in people with high cholesterol.

Osteoarthritis
