

Apurva P Babaria

Animator
and
content creator

Profile

I am currently working with SRM LAW Services LLP as a Business consultant and content creator. I have been working in this industry since the year 2007. Over the last 12 years I have worked with various clients from different countries and completed their project successfully on every occasion. I started as a web designer and then progressed into making animation content in 3D and 2D. I have supervised teams to create content and worked as a part of a team too. I expertise in 2d and 3d animation, editing, graphic editing, compositing, character designing, content writing and sound mixing and sound editing.
