

## *Power of Your Imagination - Session 4*

Can we give God a shout? A shout, a big shout. Amen. Praise God. Well, let's go quickly to the book of Psalms Psalms one 10. Let's start right there. Give the devil a headache. Psalms one 10. We're talking about activating your redemptive imagination. Psalms one 10. And we're going to read from verse nine.

I said before, this is part two of the power of redemption. And if you haven't taken it yet, you are at home. Through the class, he will live a healthy foundation for you to really fully understand this class. Verse nine tells us he sent redemption and to his people. Hallelujah. He Psalms one 10

Oh, sorry, sorry. Sorry. Sorry. So I'm one of 11. Yeah, one 11 verse nine. I'm doing good now. Beautiful. Now waiting for me. One, two, three, go. Yeah, praise God. He sent redemption to his people and he has commanded his covenant forever. So we see that redemption is forever. Holy and reverend is his name. And then we're going to go quickly to, to, um, look chapter 21, Luke 21, we had it ready, established that redemption is not a theory. We damage a person. His name is Jesus, Luke 21. Luke 21, the devil gonna pay big time for this glass here.

Cause we're gonna, we're gonna learn so much from that, his word this morning. Hallelujah,

Luke 21. I'm going to read from verse 26,

Luke 21. Okay. Verse 26. Man's heart. Failing them for what? For fear, men's hearts failing them for fear. And for looking after those things, which are coming upon the earth for the power of the heavens shall be shaken. I look at verse 28, we read verse 28 for me, one to three goals.

Yeah. Yeah. We'd love to get one, two, three, go and windows things. Yeah. Lift up your hands. Your redemption joy. Nah. He said, when these things begin to come to pass, then look up, lift up their heads for your redemption drive now near. So we see here, redemption is a person. His name is Jesus. Hallelujah. His name is Jesus. And in Luke, Ephesians chapter one, Ephesians chapter one, hallelujah fees in ship. The one, and we're going to read from verse seven,

Ephesians one verse seven tells us in whom we have redemption through his blood. And the forgiveness of sins, according to the richness of his grace in whom we have what we have should. And, and I just want to set it as quick please, because there's

some things that I want to deal with today that I really believe that really helped you to really, um, release your faith and your confidence in God. And I said the truth of redemption, all the keys that unlock the secrets of peace, health, success, and happiness in the life of a believer, the truth of redemption. The truth of redemption. I wasn't with them. Shouldn't mean to buy back, to, to get back to free from hums, huh? Oh my goodness. Two freed from captivity by the payment of a ransom to free from the consequences of sin to restore mankind.

To the place and the position they had before sin and redemption also restore us back to God's original idea. So now we are back into the place that God intended us to be. Last week I talked about, we are back in Eden. And how to live in that place, because one of Satan's strategies is to get us out of that place. Because in Eden, we are winners. Are you in this place here as an Eden, we are winners. And if Satan can get us out of here, he didn't, he can hold us in. He can hold us in captivity. But if we stay in Eden, we win. If we stay in that place of rest, we win. And we said last week that in Eden, we don't learn so much, but we discern those teachings we discern. And I give you, I give you some definition of discern because I wasn't too impressed with what Webster gave.

I wasn't impressed with our, with, with carnal dictionaries of defining spiritual truth. And I said, discern mean to, um, let me find it here. Okay. You came to him by the spirit of God. We don't learn. We discerned.

The sun means to, to capture something with your spirit to capture, um, revelation with your spirit. He also means to know intuitively to discern meaning to know intuitively. You also mean to download? I love this one. Download knowledge from the heart of God. We are called to download knowledge from the heart of God.

That's what the sun is. Now, today we want to talk about, know about. Now we're in that garden. How do we function? And the road, our mind plates. And I said before, the mind of the, of the believer is different from the mind of a heat. The mind of the believer is, is different from the mind of a Heden right?

This starts down, this is a fresh thought. Wonder I would have put it into you. And keep them, keep them close to you. I call them power thoughts, the quality of your life, the quality of your life, determined by the level and determined by the level of God's word that is working in you. The quality of your life right now is determined by the level of God's word that is working in you, Holly Lucia, the quality of the life that you desire to live will be determined by the level of God's word that is working in you. And you

determined that you determine the quality of life you want to have. Not the devil, not society.

You, you determined the life. You want to live by allowing the word of God to take root deeps in your heart. Let God tell Abraham Abraham, as far as your eyes can see, he can have it as far. Cause your eyes can see how high you want to go. How much you want to take. Is determined by the level of God's word that is working inside of you.

Number two, you cannot grow beyond the level of God's word that is working in you. You cannot grow. Beyond the level of God's word, let's say to you, number one, the level of God's word that is working in you determines your success. Now, number two, I'm telling you now you cannot grow. You cannot grow on the level of God's word that is working in you.

That is grown in you. So, which means it is important for you to keep allowing the word of God. To grow in you. Hallelujah. Keep allowing, keep allowing the word of God to grow in you. As God's word grows in you, you will start to win more victories. Hallelujah. He said to see the wonders of God, more and more in your life as the word of God grew in you.

You also know that heaven believes in you. I'm going to fuck him. I hurt his words. I cry to know that heaven believes in me. God believes in me and also God trusts me. God trusts you.

The Bible tells us something that really brings tears to my eyes. Every time I read it, it said heaven, rejoices, heaven, rejoices. When I sit in their acts of Christ in the scripture, right? Every heaven gets happy. I'm going to hate him. That gets saved. How heaven reacts when it would decide to allow God to move in your life.

Come on, doctor me now ever heaven. Get excited about a sinner coming home as sin as saying yes to Jesus. How would heaven react when we sin? Lord move through me. Lord. I, I give my life to you to manifest your kingdom in me. I think God, we're going to run the throne. I mean, I think about it. If heaven, if I was in awe of heaven, rejoices.

When, when a center gets safe, what about when the sane said, Lord, use my mind, Lord, use my heart. Lord. I want to bless myself so I could be a blessing to others. I think Papa God, get out of the throne and run around. What do you think anyway? That's just my thoughts. Yep. Heaven. Rejoices. When a sinner comes home.

What about the saints? What about you now? Who said, Lord, I want, I want you, I want to learn about your kingdom. I want to allow you to move through my imagination.

I believe God gets excited. When a believer said, Lord, here is my mind. Think through it. Think through my mind, use my mind for exploits. I was thinking the other day that I should look at what. The mind of unbeliever has produced. And it is so limited because the unbeliever's source of thoughts is like this glass. The source of the unbelievable thoughts is like this glass, the source of our thoughts. It's God himself. That's why I decided on an unbelievably good outfit. Correct. It should be. It should be the one bill in the highest scrapers. Kristin should be the one who had the most successful businesses.

Come on. Talk to me here. Are you here at this place here? I believe that believers should be the one that builds the best skyscrapers. Come on. The most successful members of society, because the source of our thoughts is gone himself.

But what happened? Religion has hurt us more than we think religion is cancer to the brain. Religion limits us. And tell us us, sit in the Pew and come here, guy priests on the month that doorway talking about, but the mind of the Redeemer, the source of his thoughts is God himself. I said the mind of the redeem. The mind of the believer here's fucks. If he fully yearly, starts to God, he's fuss is God himself.

It's. I refuse to live with myself. I refuse to allow religion to limit me and tell me what I can't do and what I should do. Come on.

Hallelujah.

The source of the redeemed men. Thoughts are with God himself. We will drink from his thoughts. His wisdom is unchangeable. His thoughts. So unsearchable

and we have access to his thoughts. The unbeliever has access to the thoughts of like a glass and looks at what that puts you.

I was flying. I was flying to kind of from, from, from LA to where possible at churches in st. Louis abysmal. And, um, I was on the plane with a man and it was a new age. It was a new age. He told me something that shocked me. He said, he said to me, what do you do? I said, I'm a pastor. And right away, he was turned off by that.

There's other shit with him, my different type of pastor. So he listened to me and I was sharing with him about it because he believed, he believed that, that, um, he believed

that you can learn principles. And more principles you learn, you get to the God of the universe, then I told him, I am one with the guy that created the universe.

He's red. He said, I've never heard that before. He said, yeah, I'm one with him.

He said, I just told you that, that, that, um, I just came from a convention and we learn all kinds of steps to potentially get to him, get to the, the, the force of the universe. And no one gets that. I know you're telling me you're one with none, the only universe, but the creator, I said, yeah, he lives on the inside of me.

I said, this plane is the safest plane that he told me, he said to me, so the stuff that you're going to preach at that church in st. Louis is what you're talking to me right now. I said, yes. And he came to the service, he came to the sub and he said, and he said, I never heard nothing like this before. And he told me something. He said, when you were telling the people to repeat after you would do the same thing in the new wish people, yours are more powerful. Yeah.

I'm talking to me. That's what he says. He said that something, when you will have them repeat in something, he said, I could feel things and do inside of me. Well, some Christian come say, why should I say that anyway? Why should I say I'm born again to rain again and have to suffer again? I said it last week, you know, but he said, when they go to my newest convention, we spend eight hours talking.

He said, I have a job that I get from. He said, the jump I applied for. I worked for IBM, how many? Global \$200,000 a year. And I get this job through and I will start out by that. How come

a hidden man, who, who used his wisdom and his, from this glass? I'm on. And I wish Joe was connected to God who created the universe, but what happened, religion has done more damage to us than we think religion has heard us. We argue over silly things. Well, you know, I don't where I don't really agree with that.

I don't agree with that. You know how to do that healing stuff. Like a lady in our Bible school in Haiti hurting me, make one statement, one statement. I said that, I said that we are, I know another speaking spirit, just like God, this woman has no education. But when I said all spirits that our uncle died. And she went over to get caucus and said, when I speak to you, God is speaking to you. And the men came back alive while they were not in America. We argue over theories in Haiti, the act in it and see results. Then the Mandaya second time, he said this a lot. Somebody talking to you, you cannot die. God is talking to you. And the men came to McCullough.

My point, my point here, my point here, I'm on a windup right now. I'm ready to go right now. Devil. You're in big trouble right now. This is to me, the unbelievers' thoughts. Oh, so limited. So limited. So limited. Well look at what they have put juice.

Look what they have come up with. Why? Because the mind is powerful. The human mind is powerful, but this sucks that put in the mind, unbelievers are limited. It's like this. I was so sick of fonts. He's the creator himself.

So we're going to allow him to take over our minds. I said, we can not allow God to take over our minds and give him free access to do whatever he wants to do. And we believe him. Amen. So, we drink from his thoughts because his wisdom is unsearchable. The source of the unread, the source of the redeem man, his thoughts, his God himself glory. Repeat her God. Oh, hallelujah.

Number three principle. You can only act and what, you know, you can only act and what, you know.

How much, you know, determines the life of impact you make, how much, you know, determined, the kind of impact you make. Oh, the life of victory that you live, the type of victory you live. Oh, basically how much, you know, scientists have proven that they'll put an elephant when it was young, the chain, the elephant leg and the elephant is Paul Graham. You can only go six feet because the chain stopped him from going the distance. So when he pulled, he had the strength to put up the chain, but he's programmed because I could only go six feet. And I heard that when the elephant grew older and got stronger and didn't get bigger, they removed the cage and the elephant.

Or not even go beyond the distance of the chain, why pull Graham to stay there? Yeah, I know. I heard it. We're on fire. The elephant will stay and die in case Paul Graham. He can only go six feet

and religion is telling us we can only do certain things by coming to say, we can do a God says we can do.

So you can only act on what, you know, how much you know, is very important to the life you live, how much you know, is important. The life you live, how much, you know, will affect your confidence. Sure how much, you know, will affect your expression will affect your confidence and the depth of your confidence determines the response of heaven. How much, you know, we're back up here again, you can, you can, you only act and what, you know. You got that, right?

You only act on what, you know, how much, you know, it's very important because how much, you know, determines the life you live, how much, you know, also affects your confidence.

You could tell it, you go to a bank and you'll see a new teller, or you go to Starbucks, you could tell the Starbucks, you can know the person there is new, make your coffee. I have experience based on the taste. I've seen it many times when someone is new to a job, they're very slow at it. Could they learn, but the minute that confidence increases, he says speed also increases.

Does that make sense? Yep. So what, you know, determines per fast, you move close, repeat what, you know, determine how fast you will move also, what, you know, affect your confidence. And the depth of your confidence determines the response of heaven, the depth of your confidence determines the response of heaven.

How fast heaven moves on your behalf is linked to how much, you know, Oh Jesus, how fast heaven moves. And your behalf is dependent upon how much, you know, how much, you know, How much, you know, how much, you know, how fast heaven moved and you behalf, it depends upon how much, you know, are you with me? Right.

The depth of your confidence determined, the responsive Evan, the more, you know, the stronger your confidence will be. The deeper, your roots are in God are in redemptive knowledge. The stronger you will be the deeper your roots. So he knew that the roots of the sh of the tree determined what the strength of the tree was. The deeper, your roots are any redemptive knowledge determined how strong you will be when your mind is rooted in Eden. When your mind is rooted in the word of God. When your mind is rooted in God, nothing will successfully stand against you when your mind is Ted in God's word. When your mind is rooted in God's word.

Oh, my goodness. Nothing will successfully stand against you when your mind is rooted in Eden in the word of God, nothing will successfully stand against you.

Just like nothing can defeat God, nothing will defeat. You don't fight. It. Doesn't receive it. Don't fight against it. Doesn't receive it.

Just like nothing could have defeated Adam. In chapter one and chapter two of Genesis, nothing would have successfully stunned against you. Why? Because your mind is rooted in God.

You know, we have some trees in the Caribbean. I think they may have some here too, but I know them in the Caribbean. The roots will go so deep. It will break up the road. And if the roots go under the foundation of your house, break up the very foundational house I'm seeing you when you are mind.

Hey, when you are imagination. It's in the word of God, nothing could stop you. Nothing could stop you. I'm saying your imagination. When you turn your imagination loose in the word of God, when you allow your imagination to drink from God's word, nothing can stop. You. Nothing can stop you. Nothing can successfully stand against.

Oh, hallelujah. I said, hallelujah.

Well, you can only take charge of your life. Well, you take charge of your mind.

You can only take charge of your life when you take charge of your mind, your mind.

As you take charge of your mind and you start to monitor your mind and you determine what will enter your mind. That's when it's that's, when you start to take control of your life. Interestingly enough, the stuff I'm teaching you right now, I spent seven years in Bible college. Never heard note teaching the longest lane, and then especially in the charismatic movement, we start talking about the mind people get strange about there's got to be careful here. Okay. You must start to get so far out there.

We're never gonna get to, you know, how can the devil get to you when you in Eden? Yeah, chapter one and chapter two, item loss in chapter three, we are the redeemed. Come on. We are the redeemed. Got this.

When you take charge. Off your mind and use your mind and purpose in your mind, like a laser.

You can change your world. I'm talking about using your mind, plus, okay. The redeemed man, the redeem woman using your mind like a laser, the Bible said a King with his thoughts, scattered evil. The King with his fonts.

I heard a story of a monk in Tibet. He was in the, in his room and there was snow all around him, snow, all around him. And he sat down on the snow. I started to meditate when he opened his eyes, the snow's all melted just by the force of his thoughts. Not even born again, just by the source, just by the force of his thoughts. He melted the snow around me, Irish. I heard officer dude, that was up. Then this happened in India. Where NASA picks up, picks NASA, picks up a

force-field similar to a nuclear weapon and they send soldiers there to capture this nuclear weapon. When they break the doors down, there's a monk there praying, asking God to use him. But his fools, the fools of his thoughts, were so strong.

Uh, they thought it was a nuclear weapon. That's a powerful you're minus. So I'm telling you now as the redeemed person, you can, you can take charge of your life, take charge of your life by, by using your mind, using your thoughts. Like a laser beam where you think and burn it up, Sue me not a sickness and destroy it.

What's your thoughts?

How are you here with me?

So you take charge of your life when you change your mind. When you change your mind, everything around you starts to change. Every time you change your mind, the atmosphere around you, pick it up and change. Every time you renew your mind, the walls around you, pick it up and change.

Look at it. Look at Romans chapter 12. Romans 12.

Oh, my mind, you got something so far, I'm sitting here that the mind of a believer is different from the mind of a Heden. The mind of a Heaton is limited and looks at what they have produced, but the mind of the believer. Whew. It's connected to God. He was selling

Romans 12, finish your thought here. We'll have a break. I don't want to move this because of one for you to, um, start to. Use your mind and purpose, get it in, get it marinated in the word of God,

Romans 12th. Okay. Verse one. I beseech you therefore brethren by the mercies of God. That you present your bodies, a living sacrifice Holy acceptable unto God, which is what your reasonable service read the most true for me. One, two, three, go.

He said I'm not being conformed. Don't think like the world, their thoughts are so limited.

Don't think like the wall don't think like the world don't think like unredeemed people.

But be not conformed to this world, but be transformed by the renewing of the mind. So transformation takes place to degree. Our mind is renewed transformation. Take place.

To a degree, our mind is renewed and the believer renewed his mind with the word not man's philosophy with the word

I said, transformation takes place to degree. You transform your mind.

Your mind is a gift from God. Set up said my mind. My mind is a gift. Fucking God. Remember I said it before. Your mind is not your brain. Your mind is a software that's in the brain of a computer, the computer needs some softwares for you to function. Your iPad, need apps, iPhone need apps. I wouldn't function. So your mind is like that without apps and your fault, it wouldn't function.

Is that right? So your mind needs to constantly be upgraded with divine thoughts. The more I look at my life today, and my life is more powerful today than last week than last month, because I always upgrade my thoughts as I upgrade my thoughts. I upgrade my life. Some people, the thoughts are still back in 1982 can imagine what happened to the war.

If we're still thinking. And the faults of 1982 always stood up the thoughts of the eighties.

We were still licking stamps.

Like yesterday. I was talking to this lady from Arkansas on Facebook. I sent him, I'm gonna send you my itinerary, cause I'm going to Mount uncle the next week. And I started to listen to her. She said, thank you. I receive it.

Remember those times when you lick a stamp. And you're going to find, maybe back on the Island, you got to wait for the postman to walk to your house.

Then he has to walk and catch the bus, then take it to the boat. Can you imagine that the wound was still functioning from the Fox of the eighties? And if I want to, life is still functioning. From what your mama taught you. How many of you started the good things? Just keep them, yeah. New things coming to us, new things. She told me. Thank you, apostle. I receive it. I said, this is amazing. Nope. Your mind is a gift from God. With your mind, you can do exploits. Now, don't fight that because I know I'm going to connect it. The next class that the man and the supernatural, how they walk together, I used to be so confused about it because I used to be afraid to, to engage my mind because I thought I'm going to miss God, but then I recognize I'm a redeem person.

My spirit and my mind walk together. Whew concern. But now don't consult anymore. Come on. Your mind is a gift from God.

With your mind, you can do exploits. The source of the redeemed man's thoughts. It's God, himself who drinks from those thoughts. Don't limit yourself.

So a transformation can take place. The more we know our mind, the more we inject God's thoughts in our imagination, then we could start to see life from his perspective. Father! We thank you for this segment and we'll declare one more time. The devil you're a liar. The redeemed man cannot be stopped. The redeemed person cannot be stopped. Lord, we thank you for your goodness and for your many blessings in Jesus' day. Amen.
