Muhammad Osama Asghar

Affiliate at Inspedium Corporation | Electrical Engineering Student at PIEAS

Islāmābād

Summary

Hard working motivated individual, fast learner, current student at PIEAS university looking to gain expertise and hands on experience in Electrical Engineering and Project Management.

Aiming to leverage a proven experience of problem solving, management and communication skills . Frequently praised as focused by my peers. I can be relied upon to help your company achieve its goals. I love to learn new skills and implement them...

MATLAB , Circuit Analysis , LT Spice , Engineering Project

Management and communication skills are dominant .

Looking for an exciting opportunity to get hands on experience.....
