# Interior Design

*A studio apartment is a small apartment which contains a bedroom, kitchen, and living area in a single room. The need to own a piece of real estate has brought this residential format to the limelight, particularly among single working individuals.*

# Interior Design

## Products Used

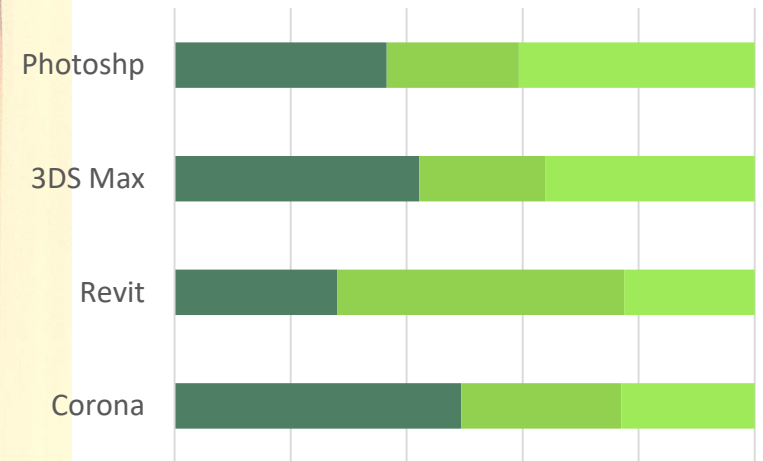

For those who live alone and cannot afford a high rent or just want to save on rent and electricity bills, a studio apartment would be an effective choice. While studio apartments compromise on space, the cost savings usually end up making it a conducive investment. Remember to compare the merits and demerits of studio apartments as well as analyse your own requirements and budget before choosing a studio apartment.
