INSELI PARK

Location - Padur, Chennai
Client - Jain Housing and Constructions PVT
Project Status - Completed

Architecturally striking , ideally located and offering outstanding residential, commercial and leisure spaces. There are 7 slendered towers of 17 floors with unrivalled views of the neighbourhood and with 808 Apartments that contains 2BHK and 3 BHK flats.

Sustainability is built into Inseli Park. The orientation of the towers optimises daylight and views of the Bay of Bengal, whilst design elements such as green walls and hanging planting provide some shade from the sun to the lower levels, as well as concealing extensive parking from view.

Beautifully crafted apartments provide a secure and safe heaven with the potential to transform everyday life into something very special. Each apartment opens out onto a centralized gathering space and well rendered landscape area, which naturally cuts them off from the city's chaos.

For resident well being a state of the art gym, jacuzzi with water jets and clubhouse with spa, indoor play areas, retail shops is a further chance to unwind or enjoy some family time. And also various outdoor amenities like Open Air Theatre are provided.

The swimming pools set among the greenery of the landscaped gardens are warmed by the buildings' heat exchange mechanism. On the roofs, rain harvesting and solar panels offer residents convenient energy and water efficiency.

Site has well defined walkways which has lush green shrubs running along them. Landscape has been designed with indigenous plants.

We shape our buildings; thereafter they
shape us.
