To whom it May Concern

Dear Sir/Madam,

RE: RECOMMENDATION LETTER - VICTOR PETER OKOTH

We wish to confirm that the above named person has worked with us for a period of over 6 months from 01 March 2009 to 30 August 2009 as an architectural visualizer. During this period he has worked on 3D Visualisation for the following projects among others: -

- Jambo Holdings Lower Kabete
- Adatia Residence
- Green Park Estate
- Eagle Plains Commercial Centre
- Karen House Residence
- Betty Villas Apartments
- BBC Lounge
- Vienna Courts
- Narmeen Houses
- KCB Plaza Juba
- Joy Sunshine Apartments

Most of this work was done on the Autodesk 3D Studio Max and Archicad platform.

Any assistance to him in any regard will be most appreciated.

Yours faithfully,

Andrew Kimani

RECOMMENDATION LETTER FOR VICTOR PETER OKOTH

RADIUS ARCHITECTS

Architects & Interior Designers

P. O. Box 61039 - 00200

Nairobi

TO WHOM IT MAY CONCERN:

I would like to take an opportunity to offer a formal recommendation for Victor Peter Okoth. As the senior architect at Radius Architects, I have known Victor for approximately Three years and feel that he is a deserving candidate for the position he is applying.

Victor has been part of our organization as an architectural visualizer & interior designer. Demonstrating an incredible initiative and a strong dedication, he moved up the ranks quickly. After only nearly two and half years, he became my personal assistant. He is enthusiasm and dedication both inspiring and motivating. We have worked on many projects and he has gained valuable experience in the architectural field. He has worked hard to build authentic relationships with the employees at Radius Architects and his efforts have created a happier and more productive team.

I believe Victor exhibits many of the qualities that are essential for the applied position. An opportunity at your institution will help him hone these qualities, while enhancing his career opportunities. I highly recommend Victor Okoth for the position and hope that you will carefully consider application.

Sincerely,

Duncan Malna
Senior Architect

Duncan Malna (Arch: Hom. M.A.A.S.K.A)
