Prakash Gajera - Android Developer

Skype : prakash.phoenix

(942)-664-0584
prakashgajera24@gmail.com

- Innovative Android Developer with 4+ years of experience designing, developing, testing, and maintaining Android applications.
- Expertise in all phases of application development life cycle.
- I have built Chatting app, Social app, Educational app, Photo sharing app, Video, sharing app, Geolocation app, Reservation/Ordering/Delivery app, Traveling app, Health/Fitness app, Utility app successfully.
- Hands on the tools such as Android Studio.
- An effective team player with excellent communication and inter-personal skills, self-motivated and detail oriented.

- ❖ Scope of technologies and programming languages which I'm using during development process:
  - Android
  - XML, SOAP
  - JAVA
  - Gradle
  - JSON/GSON
  - GIT
  - Google Maps, Location
  - Integrate third party SDKs
  - Implement push notifications
  - Integrate Firebase based chat module, Remote Config, Push Notification , etc.
  - Social network integration: Facebook, Twitter, Instagram, LinkedIn, Google+.
  - Performed testing on Physical device and the android emulator.
  - Integrated client side application with server API via asynchronous tasks
  - Tested the application on multiple android targets and debugged the issues that were found.
  - Successfully deployed the app on the Android Marketplace and supported the app for different releases of Android OS.
  - Published and updated the application on the Google play store.

Hope after all things which I have describe above you will enjoy working with me

EXPERIENCE:

- **Phoenix Binary System Pvt. Ltd.**   2 - Years
  Android Developer

  - Conceptualize, develop, and test native Android applications, including UI, core functionality, and third-party SDKS
  - Built Android apps with back-end API integration to improve the customer experience and cut down on development time
  - Integrated Facebook login and google login feature for e-commerce tracking app, which increased app usage by ~20%
