

Dear Sir/Madam,

Mr. Taliep has gained knowledge, skills, correct attitude, growth mindset, resilience and passion for the position as required within your organization as he is a driven, high performing individual.

He started his journey with the Perishable Products Export Control Board as a seasonal employee for about five years and thereafter was provided permanent employment. He gradually developed himself over the period of 15 years and held the position of Senior Assessor with the PPECB.

As a senior Assessor he was responsible for some supervision of a team as well as to assist the Lead Assessor with the planning, organising, monitoring and evaluation of all administrative processes, financial, legislative, and operational requirements, and processes as well as to maintain good internal and external client relationships within the region.

His role was also designated to training and development of both permanent and temporary staff in preparation for theoretical and practical competency assessments and evaluation by Lead Assessors and Cold Chain Specialist, performed critical functions within the business such as container loading, container inspections and calibrations, cold store inspections, refrigerated road motor transport inspections, ordinary and special shipments vessel loading as well as terminal monitoring.

Based on the job requirements and his key competencies gained he will work well together and ensure high performance culture is driven in the business and there is a consistent and uniform execution of mandated functions.

Thanking you!

Date: 14 June 2021

Kind Regards

Sharief Nair

Cold Chain Specialist: Western Cape
