

Real-estate Website Generator

The screenshot displays a user interface for managing a custom domain for a property. On the left, a dark sidebar contains navigation links: 'Details', 'Gallery', 'Videos and 3D Tour', 'Features', 'Open House Schedule', 'Map Location', 'About the Agent, Contact', 'Custom Domain' (highlighted), and 'Delete Property'. Below the sidebar, the address '2830 Twin Oaks Way' is partially visible. The main content area is titled 'Smedeholm 13b | Custom Domain' and features a user profile icon in the top right. Two tabs are present: 'Purchase Custom Domain' (active) and 'Customize Subdomain'. Below the tabs is a search prompt: 'Search for a Domain Name of your Choice'. A text input field is followed by a dropdown menu currently set to '.com'. A blue 'Search' button is positioned below the input field. A yellow warning box contains the text: 'Newly purchased custom domain may take several hours to become active.' At the bottom, a section titled 'Listed below are the URLs for this property.' is partially visible, showing a table with columns for 'Domain/Subdomain', 'Extension', 'Unbranded', and 'Extension'. A green 'PREVIEW' button is located on the right edge of the interface.

This is a website where Real Estate brokers can list the properties that they are selling/renting. The properties are listed in the form of auto-generated websites based on the content they provide. Click on [here](#) to take tour to the website

The content can be text, photos, videos and 3D tours. Customers can also register the domain they want to use for the auto-generated website.
