SEO Executive | On-Page | Off-Page | Local SEO | YouTube SEO Expert

Lucknow, Uttar Pradesh, India

Summary

I am working as an SEO specialist. I have gathered profound knowledge in this sector. Have strong knowledge in SEO:

- Search Engine Optimization (SEO)
- Mobile SEO
- Ecommerce SEO
- International SEO
- YouTube SEO
- Local SEO
- Website SEO Audits Specialist
- Using various tools and SEO Plugins as per their specific purposes

: SEO | GIT & GITHUB | HTML | CSS | Linux Expert

- : e-commerce Websites | Product-based Websites | Service based Websites | Education-based Website

: Find out website technical and structural error related to website error points

: Chats, Emails, Skype, Whatsapp, Phone

: Analyze the Client's Websites and blogs then suggest necessary changes for SEO Campaigns.

: keyword analysis, competitor analysis, Google AdWords, Google Analytics, on-page & off-page optimization techniques, SEO strategies, Google Tag Manager, Google My Business Page(GMB), and PPC campaigns, Social Media ads.

: Keyword Analysis | website audit | Audience analysis | Competitor analysis | Market insights | Social accounts management | Social

media mentor | Leading digital tools & analytics | Social Business Transformation

Most importantly I know very well that the business market sector is getting more competitive day by day. So it's important for small business websites to get a good rank on search engine result pages. As an SEO specialist, I have to be always updated about the market system.

I am very well aware of the fact that the competition is mainly about remaining in the top list of the first page in Google search. As I have been working in this sector for many years, I know the strategy very well. I am confident enough and can assure clients that I can lift their website up and help to get a high rank.

People recommend me for my Strengths, Smart work, Creativity and compelling, Positive attitude, and ability to face challenges.

Also, I completed my graduation in Computer Science Engineering. And I did many certifications regarding SEO that really helped me to develop my expertise in coding, programming languages, and SEO tools.

I hope you have found the skills you are looking for to accomplish your Project.

Thank You for visiting my profile.
